PROPERTY DESCRIPTION

Absolutely gorgeous inside and out, this magnificent Mariner is designed for comfort, convenience and versatility. Living areas are sufficiently defined yet flow easily one to another. The living room is bright, spacious and welcomes company. An elegant formal dining room with a bay area is the perfect setting for all those special occasions. At the heart of this home is a delightful eat-in kitchen plus extra large sunroom, a fabulous space for cooking, relaxing and entertaining. Sliders lead to an extended patio, the ideal summer retreat and barbecue area. Even the laundry room in this home is special. The owners added a third closet and increased shelving in all closets so that all ones treasures have a place to nest. Two separate bedroom suites afford privacy. The large master suite has a walk-in closet and double vanity in the bath area. The second bedroom presently has a sofa bed, media center and computer desk so can easily make the transition from guest to personal use. Attention to detail extends to the 2-car garage where shelving and hooks keep everything in its place. Bonus! Additional flooring was added to the attic for even more storage. Finally, the entire perimeter of this home is landscaped to perfection. This is a meticulous, move-in condition home guaranteed to exceed your expectations.
